

CCU890

CCTV CAMERA CONTROL UNIT

CCU890 is a CCTV camera control unit which also controls pan & tilt and lighting units adjacent to the camera. CCU890 can be steered either by a Pelco remote control or by an external control system that communicates via Pelco.

APPLICATIONS

- CCTV camera control unit that supplies power and controls camera, pan&tilt, lighting and microphone units.

BENEFITS

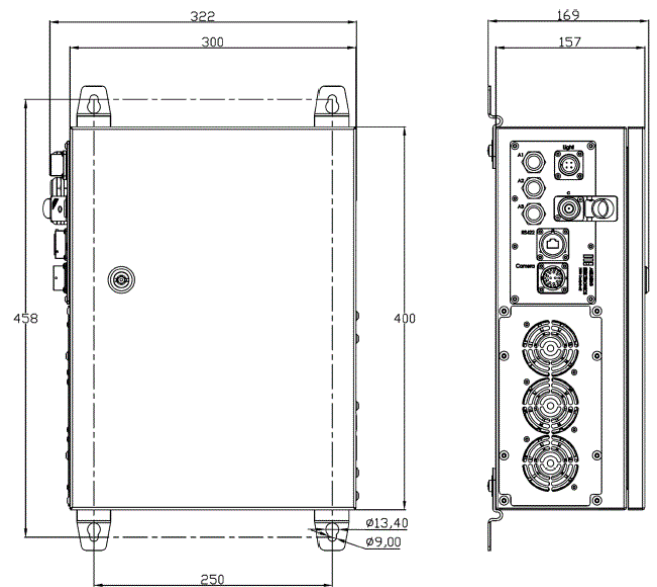

- Can be steered by a remote or an external control system
- Controls both SD and HD cameras
- Supports camera cooling
- High temperature tolerant
- The unit can also be delivered in a high radiation tolerant version, CCU890HR.
